

What is SFSP?

The Summer Food Service Program (SFSP) provides breakfast, lunch, and/or snacks to children in at-risk areas during the summer months when children do not have access to free or reduced-price lunches at school.

Community organizations serve the meals at schools, churches, parks, swimming pools, YMCA facilities, Boys and Girls Clubs, and other spots where children gather when school is not in session.

How does SFSP work?

SFSP reimburses participating sponsors for serving nutritious meals. SFSP is administered at the federal level by the United States Department of Agriculture, Food and Nutrition Service, and at the state level by the Missouri Department of Health and Senior Services – Bureau of Community Food and Nutrition Assistance.

Who is eligible for SFSP?

All children and teens (age 18 and under) who visit an approved SFSP feeding site can receive meals at no cost. No registrations or applications are required. Meals are also available for people with disabilities who are over age 18 and participate in school programs for the mentally or physically disabled.
