Online Loss-Theft & Diversion Reporting Instructions

What Gets Reported?
1. Losses of drugs where the drugs are missing or were lost in transit;
2. Thefts such as burglaries, robberies and diversion by staff;
3. Diversion and unlawful acts by staff where controlled substances were diverted into an unlawful path.

What Does Not Get Reported?
A. Drugs lost where there was no theft or unlawful activity. These are insignificant losses such as spilling, breakage, leaking containers, or drug ingredients lost during compounding.
B. Fraudulent prescriptions submitted by patients are not reported on a loss report form;
C. When less than 3 dosage units are spilled, dropped or lost down the internal cabinet unit of an automated dispensing machine;
D. Shortages in a new bottle that is received and opened from a distributor or manufacturer.

These types of incidents listed above get documented and attached to your annual inventory so your records balance.
Filling Out the Online Form
(In order of appearance)

1. At the end of this form, you will be given a return code number to identify this report. Knowing this code will allow you to go back in and make edits and final reports (user needs to save a specific link provided to them at end of the form, for which they will have to use the code provided to them):
