Section	Citation	Rule	Finding
Waste Plan - .040	(4)(E)	Any excess or unusable medical marijuana or medical marijuana byproduct of a cultivation, manufacturing, dispensary, testing, or transportation facility shall be disposed of in the following manner	
Waste Plan - .040	(4)(E)1	Solid and liquid wastes generated during medical marijuana production and processing must be stored, managed, and disposed of in accordance with applicable state, tribal, local, and municipal laws and regulations. Facilities must keep records of the final disposal destinations of all such wastes for at least five (5) years	- -
Waste Plan - .040	(4)(E)2	Wastewater generated during medical marijuana production and processing must be disposed of in compliance with applicable state, tribal, local, and municipal laws and regulation	- -
Waste Plan - .040	(4)(E)3	Wastes from the production and processing of medical marijuana plants must be evaluated against state hazardous waste regulations to determine if those wastes qualify as hazardous waste. It is the responsibility of each waste generator to properly evaluate their waste to determine if it is a hazardous waste per <i>40 CFR 262.11</i> . If a generator's waste does qualify as a hazardous waste, then that waste is subject to the applicable hazardous waste management standards	- -
Waste Plan - .040	(4)(E)3.A	All solid waste, as defined by <i>40 CFR 261.2</i> , must be evaluated under the hazardous waste regulations, including	- -
Waste Plan - .040	(4)(E)3.A(I)	Waste from medical marijuana flowers, trim, and solid plant material used to create an extract	- -
Waste Plan - .040	(4)(E)3.A(II)	Waste solvents, pesticides, and other similar materials used in the cultivation, manufacturing, or testing process	- -
Waste Plan - .040	(4)(E)3.A(III)	Discarded plant waste, spent solvents, and laboratory wastes from any medical marijuana processing or quality assurance testing	- -
Waste Plan - .040	(4)(E)3.A(IV)	Medical marijuana extract that fails to meet quality testing	- -
Waste Plan - .040	(4)(E)3.B	Medical marijuana flowers, trim, and solid plant material are not in themselves considered hazardous waste unless they have been treated or contaminated with a hazardous waste constituent	- -
Waste Plan - .040	(4)(E)4	Medical marijuana waste that does not qualify as hazardous waste per <i>40 CFR 262.11</i> must be rendered unusable prior to leaving a facility, including plant waste, such as roots, stalks, leaves, and stems	- -
Waste Plan - .040	(4)(E)5	Medical marijuana plant waste that does not qualify as hazardous may be rendered unusable by grinding and incorporating the medical marijuana plant waste with other nonhazardous ground materials so the resulting mixture is at least fifty percent (50%) non-marijuana waste by volume. Material used to grind with the medical marijuana may be either compostable waste or non-compostable waste. Other methods to render medical marijuana waste unusable must be approved by the department before implementation	- -

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Waste Plan - .040	(4)(E)6	Medical marijuana waste that has been rendered unusable may be delivered to a permitted solid waste facility for final disposition	- -
Waste Plan - .040	(4)(E)6.A	For compostable mixed waste: Compost, anaerobic digester, or other facility with approval of the local health department	- -
Waste Plan - .040	(4)(E)6.B	For non-compostable mixed waste: Landfill, incinerator, or other facility with approval of the local health department	- -
Waste Plan - .040	(4)(E)7	All facility waste of any type must be stored securely before final disposition, which can be done within the facility in areas designated for disposal activities or, if necessary, outside the facility in a locked, tamper-resistant receptacle	- -
Facility Environment - .040	(4)(F)	All cultivation, manufacturing, dispensary, testing, and transportation facilities must establish and follow procedures to ensure medical marijuana remains free from contaminants. The procedures must address, at a minimum	
Facility Environment - .040	(4)(F)1	The flow through a facility of any equipment or supplies that will come in contact with medical marijuana including receipt and storage	- -
Facility Environment - .040	(4)(F)2	Employee health and sanitation	- -
Facility Environment - .040	(4)(F)3.A	Floors, walls, and ceilings made of smooth, hard surfaces that are easily cleaned	- -
Facility Environment - .040	(4)(F)3.B	Temperature and humidity controls	- -
Facility Environment - .040	(4)(F)3.C	System for monitoring environmental condition	- -
Facility Environment - .040	(4)(F)3.D	System for monitoring cleaning and sanitizing rooms and equipment	- -
Facility Environment - .040	(4)(F)3.E	System for maintaining any equipment used to control sanitary conditions	- -
Facility Environment - .040	(4)(F)3.F	For cultivation and manufacturing facilities, an air supply filtered through high-efficiency particulate air filters under positive pressure	- -
Inventory Controls - .040	(4)(G)	All cultivation, infused products manufacturing, dispensary, testing, and transportation facilities shall implement inventory control systems and procedures as follows:	
Inventory Controls - .040	(4)(G)1	Each facility shall designate in writing a facility agent who is generally responsible for the inventory control systems and procedures for that facility	- -

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Inventory Controls - .040	(4)(G)2	All weighing and measuring of medical marijuana required by this rule must be conducted with a National Type Evaluation Program approved scale, which shall be capable of weighing and measuring accurately at all times and recalibrated at least yearly	- -
Inventory Controls - .040	(4)(G)3	Department-certified seed-to-sale tracking system in place to track medical marijuana from seed or immature plant stage until the medical marijuana is purchased by a qualifying patient or primary caregiver or destroyed. Records entered into the seed to-sale tracking system must include each day's beginning inventory, harvests, acquisitions, sales, disbursements, remediations, disposals, transfers, ending inventory, and any other data necessary for inventory control records in the statewide track and trace system	- -
Inventory Controls - .040	(4)(G)6	If a facility identifies a reduction in the amount of medical marijuana in the inventory of the facility, the facility must document where in the facility's processes the loss has occurred, if possible, and take and document corrective action. If the reduction in the amount of medical marijuana in the inventory of the facility is due to suspected criminal activity by a facility agent, the facility shall report the facility agent to the department and to the appropriate law enforcement agencies within twenty-four (24) hours of discovering the suspected criminal activity	- -
Inventory Controls - .040	(4)(G)7	A medical marijuana facility shall maintain all records required by this subsection (inventory control) for at least five (5) years	- -
Inventory Controls - .040	(4)(G)8	In case of seed-to-sale system failure or loss of connection to the statewide track and trace system, the facility may continue performing for up to five (5) hours all actions that are required to be tracked, except sales of medical marijuana or transfers of medical marijuana from the facility, as long as the facility records all necessary tracking information and enters that information into its seed-to sale tracking system upon restoration of the system or into the statewide track and trace system upon restoration of the connection	- -
Recalls & Remediation - .040	(4)(I)	All facilities are responsible for complying with recall notices. Recalled items must be immediately pulled from production or inventory and held until such time as the department determines the item is safe, may be remediated, or must be destroyed	- -
Recalls & Remediation - .040	(4)(J)	Medical marijuana that fails testing or is subject to a recall must either be destroyed by any facility in possession of that medical marijuana or, at the election of the facility from which the failed tester recalled item originated, and with approval of the department, may be remediated, if possible	- -
Recalls & Remediation - .040	(4)(J)1	Remediated medical marijuana must pass all testing required by 19 CSR 30-95.070	- -

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Recalls & Remediation - .040	(4)(J)2	Facilities may only elect to remediate any particular medical marijuana once	- -
Signage & Advertising - .040	(4)(M)	Signage and advertising on facility premises must comply with the following:	
Signage & Advertising - .040	(4)(M)1	A facility may not display marijuana, marijuana paraphernalia, or advertisements for these items in a way that is visible to the general public from a public right-of-way.	- -
Signage & Advertising - .040	(4)(M)2	Outdoor signage and, if visible to the public, interior signage, must comply with any local ordinances for signs or advertising	- -
Signage & Advertising - .040	(4)(M)2.A	May not display any text other than the facility's business name or trade name, address, phone number, and website.	- -
Signage & Advertising - .040	(4)(M)2.B	May not utilize images or visual representations of marijuana plants, products, or paraphernalia, including representations that indicate the presence of these items, such as smoke.	- -
Employee Training - .100	(2)(A)	Transportation Facility Requirements. In addition to the requirements for transportation facilities in 19 CSR 30-95.040, transportation facilities shall also comply with the provisions of this section	
Employee Training - .100	(2)(A)1	The use of security measures and controls that have been adopted by the facility for the prevention of diversion, inversion, theft, or loss of medical marijuana	- -
Employee Training - .100	(2)(A)2	Proper use of the statewide track and trace system	- -
Employee Training - .100	(2)(A)3	Procedures for responding to an emergency, including severe weather, fire, natural disasters, and unauthorized intrusions	- -
Employee Training - .100	(2)(A)4	Standards for maintaining the confidentiality of information related to the medical use of marijuana, including, but not limited to, compliance with the Health Insurance Portability and Accountability Act of 1996	- -
Operations - .100	(2)(B)	Transportation facilities shall transport all medical marijuana from an originating facility to a destination within twenty-four (24) hours. When extenuating circumstances necessitate holding medical marijuana longer than twenty-four (24) hours, the transportation facility shall notify the department of the circumstances and the location of the medical marijuana	- -
Operations - .100	(2)(D)	A transportation facility's primary place of business shall meet the security requirements of 19 CSR 30-95.040(4)(H). In addition to those requirements, transportation facilities shall also comply with the following:	

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Operations - .100	(2)(D)1	All vehicles used to transport medical marijuana shall not be marked in any way that indicates medical marijuana is being transported by that vehicle and shall be equipped with at least-	- -
Operations - .100	(2)(D)1.A	A secure lockbox or locking cargo area made of smooth, hard surfaces that are easily cleaned for storing medical marijuana during transit	- -
Operations - .100	(2)(D)1.B	A secure lockbox for storing payments and video monitoring recording equipment during transit	- -
Operations - .100	(2)(D)1.C	Video monitoring of the driver and passenger compartment in the vehicle and of any space where medical marijuana is stored during transit	- -
Operations - .100	(2)(D)1.D	GPS Tracking	- -
Operations - .100	(2)(D)2.A	Facility agents transporting medical marijuana shall prior to transporting medical marijuana, print an inventory manifest for the trip generated from the statewide track and trace system and create a trip plan, which shall be provided to the facility from which the medical marijuana is transported, and which shall include:	- -
Operations - .100	(2)(D)2.A(I)	The name of the facility agent(s) transporting the medical marijuana	- -
Operations - .100	(2)(D)2.A(II)	The date and start time of transportation	- -
Operations - .100	(2)(D)2.A(III)	The anticipated delivery time	- -
Operations - .100	(2)(D)2.A(IV)	The anticipated route of transportation	- -
Operations - .100	(2)(D)2.B(I)	Have facility agent identification card(s) accessible at all times	- -
Operations - .100	(2)(D)2.B(II)	Keep a copy of the applicable inventory manifest and trip plan in the transportation vehicle, which shall be placed under the driver's seat or in a compartment beside the driver's seat for the duration of the trip	- -
Operations - .100	(2)(D)2.B(III)	Have a means of communication accessible at all times	- -
Operations - .100	(2)(D)2.B(IV)	Immediately report to law enforcement any vehicle accidents in which the transportation vehicle is involved	- -
Operations - .100	(2)(D)2.B(V)	Immediately report any loss or theft of medical marijuana to a person designated by the transportation facility for this purpose	- -
Operations - .100	(2)(D)2.C	After transport, revise the trip plan to reflect the actual route taken and the end time of transportation	- -
Operations - .100	(2)(D)3	Any incident of theft or attempted theft of medical marijuana shall be reported to the department within twenty-four (24) hours of the incident	- -
Operations - .100	(2)(D)4	All trip plans and revised trip plans shall be maintained by the facility for at least five (5) years	- -

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Employee Training - .080	(2)(A)	Dispensary facilities must ensure all facility employees are trained in at least the following:	
Employee Training - .080	(2)(A)1	The use of security measures and controls that have been adopted by the facility for the prevention of diversion, inversion, theft, or loss of marijuana	- -
Employee Training - .080	(2)(A)2	Proper use of the statewide track and trace system	- -
Employee Training - .080	(2)(A)3	Procedures for responding to an emergency, including severe weather, fire, natural disasters, and unauthorized intrusions	- -
Employee Training - .080	(2)(A)4	Standards for maintaining the confidentiality of information related to the medical use of marijuana, including, but not limited to, compliance with the Health Insurance Portability and Accountability Act of 1996	- -
Employee Training - .080	(2)(A)5	Procedures for verifying the identity and purchase limitations of qualifying patients and primary caregivers	- -
Employee Training - .080	(2)(A)6	The differences in the purported effects and effectiveness of the strains of medical marijuana available for purchase at the dispensary and the methods of their use	- -
Employee Training - .080	(2)(A)7	Recognizing signs of medical marijuana abuse in patients	- -
Patient Resources - .080	(2)(B)	Dispensary facilities must make available to all customers patient education materials that include at least the following:	
Patient Resources - .080	(2)(B)1	Local resources for concerns about addiction, as well as the phone number for the Substance Abuse and Mental Health Services Administration's National Helpline	- -
Patient Resources - .080	(2)(B)2	Information about the different strains of medical marijuana available at that dispensary and the purported effects of the different strains	- -
Patient Resources - .080	(2)(B)3	Information about the purported effectiveness of various methods, forms and routes of administering medical marijuana	- -
Patient Resources - .080	(2)(B)4	Information about potential risks and possible side effects of medical marijuana use, including risk of poisoning and the phone number for the closest poison control center	- -
Patient Resources - .080	(2)(B)5	The prohibition on consuming marijuana for medical use in a public place, including the definition of what constitutes a public place pursuant to this rule	- -
Transactions - .080	(2)(C)	Dispensary facilities must, for every transaction—	

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Transactions - .080	(2)(C)1	Receive the transaction order at the dispensary directly from the qualifying patient or primary caregiver in person, by phone, or via the internet, and not from a third party	- -
Transactions - .080	(2)(C)2	At the time of sale, verify through the statewide track and trace system that the qualifying patient or primary caregiver is currently authorized to purchase the amount of medical marijuana requested and, in the case of a seed purchase, that the patient or primary caregiver is currently authorized to cultivate medical marijuana	- -
Transactions - .080	(2)(C)3	In the case of a delivery order, receive payment before the medical marijuana leaves the dispensary, subject to refund if the delivery cannot be completed	- -
Transactions - .080	(2)(C)4	At the time of sale or delivery, require production of a qualifying patient or primary caregiver identification card, a government issued photo ID and, in the case of medical marijuana seed purchases, a patient cultivation identification card	- -
Transactions - .080	(2)(D)	Dispensary facilities must report any incident of theft or attempted theft of medical marijuana to the department within twenty-four hours of the incident	- -
Facility Design - .080	(2)(E)	Dispensary facilities must design their facility and staffing in such a way as to accomplish the following:	
Facility Design - .080	(2)(E)1	The general public, qualifying patients and primary caregivers may only enter the facility through one (1) access point into an area where facility agents shall screen individuals for qualifying patient or primary caregiver status. No medical marijuana may be accessible in this area	- -
Facility Design - .080	(2)(E)2	Only qualifying patients, primary caregivers, and, if requested by a qualifying patient, up to two (2) additional persons to support the qualifying patient, may enter any areas beyond the facility's access point area	- -
Facility Design - .080	(2)(E)3	In any limited access area where medical marijuana is accessible, the facility shall only allow access at any given time for a number of qualifying patients and/or primary caregivers equal to the number of staff available to serve those individuals at that time	- -
Operations - .080	(2)(F)	Dispensary facilities shall not sell medical marijuana until the medical marijuana has been tested by a testing facility, according to the provisions of 19 CSR 30-95.070, and been verified as passing all required testing	- -
Operations - .080	(2)(G)	Dispensary facilities may only transport medical marijuana— 1. To qualifying patients, primary caregivers, testing, manufacturing, and other dispensary facilities; and 2. If the facility complies with the requirements of 19 CSR 30-95.100(2)	- -
Operations - .080	(2)(H)	Dispensary facilities that sell ingestible medical marijuana-infused products shall comply with the applicable food safety standards set forth in 19 CSR 20-1.025	- -

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Operations - .080	(2)(I)	Dispensary facilities shall store all medical marijuana— 1. At the approved location of the facility; or 2. In offsite warehouses that comply with the security requirements of <i>19 CSR 30-95.040(4)(H)</i> , the location requirements of <i>19 CSR 30-95.040(4)(B)</i> , and that have been approved pursuant to <i>19 CSR 30-95.040(3)(C)</i>	- -
Operations - .080	(2)(J)	Dispensary facilities shall only sell medical marijuana seeds acquired from cultivation facilities	- -
Operations - .080	(2)(K)	Dispensary facilities shall not sell medical marijuana to a qualifying patient or primary caregiver in amounts greater than what that individual is currently authorized to purchase per the statewide track and trace system	- -
Operations - .080	(2)(L)	Dispensary facilities shall not sell medical marijuana seeds to a qualifying patient or primary caregiver who is not currently authorized to cultivate medical marijuana	- -
Operations - .080	(2)(M)	Dispensary facilities may accept returns and issue refunds or credits as needed except that medical marijuana that has been removed from the packaging in which it arrived at the dispensary, whether removed before sale by the dispensary or after sale by a patient or caregiver, may not be accepted as a return	- -
Operations - .080	(2)(N)	Dispensary facilities shall not disburse medical marijuana as part of a promotional event. If a facility disburses medical marijuana free of charge for any other reason, the facility shall record that disbursement of product in its seed-to-sale system with all relevant entries, including the qualifying patient or primary caregiver information and the amount of medical marijuana disbursed to that qualifying patient or primary caregiver	- -
Operations - .080	(2)(O)	Dispensary facilities shall not allow consumption of medical marijuana on their licensed premises	- -
Inventory Controls - .040	(4)(G)5	Each dispensary facility shall be responsible for ensuring that every amount of medical marijuana sold or disbursed to a qualifying patient or primary caregiver is recorded in the seed-to-sale tracking system as a purchase by or on behalf of the applicable qualifying patient. Amounts of medical marijuana shall be recorded—	- -
Inventory Controls - .040	(4)(G)5.A	For dried, unprocessed marijuana, in ounces or grams	- -
Inventory Controls - .040	(4)(G)5.B	For concentrates, in grams	- -
Inventory Controls - .040	(4)(G)5.C	For infused products, by milligrams of THC	- -
Security Equipment - .040	(4)(H)	All cultivation, infused products manufacturing, and dispensary facilities shall ensure the security of medical marijuana and facility employees by taking at least the following measures:	

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Security Equipment - .040	(4)(H)1	Facilities shall install and maintain security equipment designed to prevent unauthorized entrance into limited access areas and to prevent diversion and inversion of medical marijuana including:	
Security Equipment - .040	(4)(H)1.A	Devices or a series of devices to detect unauthorized intrusion, which may include a signal system interconnected with a radio frequency method, such as cellular or private radio signals, or other mechanical or electronic devices	- -
Security Equipment - .040	(4)(H)1.B	Except in the case of outdoor cultivation, Exterior lighting to facilitate surveillance, which shall cover the exterior and perimeter of the facility	- -
Security Equipment - .040	(4)(H)1.C(I)	At least one (1) call-up monitor that is nineteen inches (19") or more	- -
Security Equipment - .040	(4)(H)1.C(II)	A printer capable of immediately producing a clear still photo from any video camera image	- -
Security Equipment - .040	(4)(H)1.C(III)	Video cameras with a recording resolution of at least 1920 x 1080, or the equivalent, at a rate of at least fifteen (15) frames per second, that operate in such a way as to allow identification of people and activities in the monitored space, in all lighting levels, that are capable of being accessed remotely by the department or a law enforcement agency in real-time upon request, and that provide coverage of	- -
Security Equipment - .040	(4)(H)1.C(III)(a)	All entrances and exits of the facility, including windows, and all entrances and exits from limited access areas	- -
Security Equipment - .040	(4)(H)1.C(III)(b)	The perimeter and exterior areas of the facility, including at least twenty feet (20') of space around the perimeter of an outdoor grow area	- -
Security Equipment - .040	(4)(H)1.C(III)(c)	Each point-of-sale location	- -
Security Equipment - .040	(4)(H)1.C(III)(d)	All vaults or safes	- -
Security Equipment - .040	(4)(H)1.C(III)(e)	All medical marijuana, from at least two (2) angles, where it is cultivated, cured, trimmed, processed, rendered unusable, and disposed	- -
Security Equipment - .040	(4)(H)1.C(IV)	A method for storing recordings from the video cameras for at least sixty (60) days in a secure on-site or off-site location or through a service or network that provides on-demand access to the recordings and that allows for providing copies of the recordings to the department upon request and at the expense of the facility	- -

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Security Equipment - .040	(4)(H)1.C(V)	A failure notification system that provides an audible and visual notification of any failure in the electronic monitoring system	- -
Security Equipment - .040	(4)(H)1.C(VI)	Sufficient battery backup for video cameras and recording equipment to support at least sixty (60) minutes of recording in the event of a power outage	- -
Security Equipment - .040	(4)(H)1.D	Controlled entry to limited access areas, which shall be controlled by electronic card access systems, biometric identification systems, or other equivalent means, except that, in addition to these means, all external access doors shall be equipped with a locking mechanism that may be used in case of power failure. Access information shall be recorded, and all records of entry shall be maintained for at least one (1) year	- -
Security Equipment - .040	(4)(H)1.E	A method of immediate, automatic notification to alert local law enforcement agencies of an unauthorized breach of security at the facility	- -
Security Equipment - .040	(4)(H)1.F	Manual, silent alarms at each point-of-sale, reception area, vault, and electronic monitoring station with capability of alerting local law enforcement agencies immediately of an unauthorized breach of security at the facility	- -
Security Procedures - .040	(4)(H)2	Facilities shall establish policies and procedures—	
Security Procedures - .040	(4)(H)2.A	For restricting access to the areas of the facility that contain medical marijuana to only persons authorized to be in those areas, which shall include, when necessary for business purposes, contractors hired for no more than fourteen (14) days and other visitors, all of which may enter the restricted area if they sign in and sign out of a visitor log and are escorted at all times by facility agents in a ratio of no less than one (1) facility agent per five (5) visitors	- -
Security Procedures - .040	(4)(H)2.B	For identifying persons authorized to be in the areas of the facility that contain medical marijuana	- -
Security Procedures - .040	(4)(H)2.C	For identifying facility agents responsible for inventory control activities	- -
Security Procedures - .040	(4)(H)2.D	For limiting the amount of money available in any retail areas of the facility and for notifying the public that there is a minimal amount of money available, including by posting of a sign	- -
Security Procedures - .040	(4)(H)2.E	For electronic monitoring	- -

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Security Procedures - .040	(4)(H)2.F	For the use of the automatic or electronic notification and manual, silent alarms to alert local law enforcement agencies of an unauthorized breach of security at the facility, including designation of on-call facility personnel to respond to, and to be available to law enforcement personnel who respond to, any alarms	- -
Security Procedures - .040	(4)(H)2.G	For keeping local law enforcement updated on whether the facility employs armed security personnel and how law enforcement can identify such personnel on sight	- -
Security Windows - .040	(4)(H)4	Facilities with windows in a limited access area must ensure either that the window cannot be opened and is designed to prevent intrusion or that the window is otherwise inaccessible from the outside	- -
Security Cameras - .040	(4)(H)5	Facilities shall ensure that each video camera used pursuant to this section—	
Security Cameras - .040	(4)(H)5.A	Includes a date and time generator which possesses the capability to accurately display the date and time of recorded events on the recording in a manner that does not significantly obstruct the recorded view	- -
Security Cameras - .040	(4)(H)5.B	Is installed in a manner that will prevent the video camera from being readily obstructed, tampered with, or disabled	- -
Security Malfunctions - .040	(4)(H)6	A facility shall make a reasonable effort to repair any malfunction of security equipment within seventy-two (72) hours after the malfunction is discovered. A facility shall notify the department within twenty-four (24) hours after a malfunction is discovered and provide a plan of correction	- -
Security Malfunctions - .040	(4)(H)6.A	If a video camera used pursuant this section malfunctions, the facility shall immediately provide alternative video camera coverage or use other security measures until video camera coverage can be restored. If the facility uses other security measures, the facility must immediately notify the department	- -
Security Malfunctions - .040	(4)(H)6.B	Each facility shall maintain a log that documents each malfunction and repair of the security equipment of the facility. The facility shall maintain the log for at least one (1) year after the date of last entry in the log	- -
Security Manager - .040	(4)(H)7	Each facility shall employ a security manager who shall be responsible for—	- -
Security Manager - .040	(4)(H)7.A	Conducting a semiannual audit of security measures to ensure compliance and to identify potential security issues	- -
Security Manager - .040	(4)(H)7.B	Training employees on security measures, emergency response, and theft prevention and response within one (1) week of hiring and on an annual basis	- -

Dispensary Self-Inspection

Section	Citation	Rule	Finding
Security Manager - .040	(4)(H)7.C	Evaluating the credentials of any contractors who intend to provide services to the facility before the contractor is hired by or enters into a contract with the facility	- -
Security Manager - .040	(4)(H)7.D	Evaluating the credentials of any third party who intends to provide security to the facility before the third party is hired by or enters into a contract with the facility	- -
Security Employee Training - .040	(4)(H)8	Each facility shall ensure that the security manager of the facility, any facility agents who provide security for the facility, and the employees of any third party who provides security to the facility have completed the following training:	- -
Security Employee Training - .040	(4)(H)8.A	Training in theft prevention or a related subject	- -
Security Employee Training - .040	(4)(H)8.B	Training in emergency response or a related subject	- -
Security Employee Training - .040	(4)(H)8.C	Training in the appropriate use of force or a related subject that covers when the use of force is and is not necessary	- -
Security Employee Training - .040	(4)(H)8.D	Training in the protection of a crime scene or a related subject	- -
Security Employee Training - .040	(4)(H)8.E	Training in the control of access to protected areas of a facility or a related subject	- -
Security Employee Training - .040	(4)(H)8.F	Not less than eight (8) hours of training at the facility in providing security services	- -
Security Employee Training - .040	(4)(H)8.G	Not less than eight (8) hours of classroom training in providing security services	- -
Packaging & Labeling - .040	(4)(K)	All cultivation, infused products manufacturing, and dispensary facilities shall ensure that all medical marijuana is packaged and labeled in a manner consistent with the following:	
Packaging & Labeling - .040	(4)(K)1	Facilities shall not manufacture, package, or label marijuana—	- -

Dispensary Self-Inspection
