Topic: FAQs – Entering Mandatory Vitamin E Acetate (VEA) Test Results for Testing Licensees

How do testing licensees report mandatory VEA test results completed prior to March 1, 2024, if VEA was not tested?

Testing licensees shall enter a zero (0) and enter the following note in Metrc on the VEA analyte not tested due to the waiver:

- Analyte not tested due to Vitamin E Waiver and Variance – 12.27.2023

Beginning March 1, 2024, all samples collected for mandatory testing should include VEA screening results.

Please reach out to your compliance officer and copy TestingandResearchUnit@health.mo.gov if you have any questions.
