

## Item Approval Application

The Division of Cannabis Regulation (DCR) requires a full and complete submission for items to be reviewed for compliance with 19 CSR 100-1.120(1). Licensees are required to submit items in Metrc and follow-up with the additional required information through email at [CannabisProductCompliance@health.mo.gov](mailto:CannabisProductCompliance@health.mo.gov). If all required information is not submitted the same day, the application may be denied as an incomplete submission. An Item Approval Application is required for new Template, Template-based, and Non Template Item submissions.

License Number:

Licensee Name:

### Select one item submission:

**New template**      Item Name:

(Skip to Section 2)

**Non template**      Item Name:

(Skip to Section 2)

**Template-based**

(Complete Sections 1 and 6)

Approved Template Name:

Approved Template Number:

1. **TEMPLATE-BASED ITEM SUBMISSION**

(For approved template-based items only)

Instructions: Complete this section when submitting final marijuana product(s) based on a previously approved template item.

**Attestation:** The Licensee attests that the differentiation from the approved template item to the new template-based item(s) submitted, only includes changes to the **strain, flavor, and/or ingredient(s)**.

2. **REQUEST FOR ALTERNATIVE LABELING PLACEMENT**

(For new template and non template items only)

Instructions: Complete this section to request approval for alternative placement of the word “Marijuana”, the universal symbol, and/or the label required by rule. Note: DCR will not approve alternative placement if such placement would violate a statutory or constitutional requirement.

Identify below the labeling item(s) for which the Licensee is requesting alternative placement:

“Marijuana”

Universal Symbol

Label required by rule

Provide details about the alternative placement request, including:

Why the licensee cannot meet the Rule requirements:

How the labeling placement will differ from Rule:

How the proposed alternative labeling placement maintains and promotes safe use of the marijuana product:

**Attestation:** The Licensee attests the alternative labeling placement cannot be easily removed or separated from the packaging and will meet all other requirements as put forth in Rule.

**3. IDENTIFICATION OF LOGOS OR SYMBOLS**

(For new template and non template items only)

Instructions: Identify all logos and/or symbols on the package design by submitting a PDF or JPEG file for each logo and/or symbol utilized with this application and providing the file name(s) below.

Identify the logo or symbol file names submitted with the application.

Logo 1:

Logo 2:

**4. IDENTIFICATION OF SIDE EFFECTS OR BEHAVIORAL EFFECTS OF USAGE**

(For new template and non template items only)

Instructions: Identify any text indicating side effects or behavioral effects of usage (if applicable).

Text:

**Attestation:** The licensee attests the text indicating side effects or behavioral effects of usage will not obstruct any other required information on the packaging and labeling; will not make any unfounded nutritional, health, structure/function, and/or implied claims; is not a slogan or statement of aspirational or ambiguous meaning; and will meet all other requirements as put forth in Rule.

**5. IDENTIFICATION OF QR CODE**

(For new template and non template items only)

Instructions: Complete if utilizing a QR Code.

**Attestation:** The Licensee attests the information provided by the QR Code will not make any unfounded nutritional, health, structure/function and/or implied claims, and will meet all other requirements as put forth by Rule.

**6. REQUIRED ATTESTATIONS**

(Required for ALL item submissions)

The word "Marijuana" is at least as large as any other words used on the packaging for items referenced by this application.

The word "Marijuana" is at least as wide or tall as the widest part of all logos and/or symbol on the packaging for item(s) referenced by this application.

The Licensee will retain a current and valid copy of the child resistant certification for the packaging submitted for item(s) referenced by this application.

The Licensee will retain a current and valid copy of the food grade statement for the packaging submitted for item(s) referenced by this application.

This final marijuana product originated from marijuana grown and cultivated in a licensed cultivation facility located in Missouri pursuant to 19 CSR 100-1.100(4)(I). For manufacturing facility licensees only: the Licensee attests any tetrahydrocannabinol (THC), such as THC-A, Delta-8, or Delta-10, in this final marijuana product is derived only from marijuana cultivated in Missouri by a licensed cultivator, as required by 19 CSR 100-1.170(2)(E).

This final marijuana product is intended for human use; and the label required by 19 CSR 100-1.120(1)(C)2 includes all ingredients, whether or not the ingredients contain cannabinoids.

This final marijuana product does not contain chemical modifications, conversions, or synthetic derivation of cannabinoids to produce intoxicating cannabinoids isomers, including those created by heat or other process during use by a patient or consumer, and all cannabinoids acquired from entities other than marijuana facilities for purpose of inclusion in marijuana product were accompanied by a Certificate of Analysis at the time of acquisition that identified the testing lab that tested the product and listed the product's ingredients, pursuant to 19 CSR 100-1.170(2)(F).

---

***I hereby certify that the information provided is true and correct and compliant with Article XIV, RSMo 195.805, and 19 CSR 100-1.120.***
