Round Two Microbusiness License Approval / Denial Notice:

Today, Missouri's Division of Cannabis Regulation (DCR) issued fifty-seven (57) marijuana microbusiness licenses to top applicants drawn in the June 4, 2024, lottery, completing the second of three rounds for awarding microbusiness licenses as required in Section 2 of Article XIV. A minimum of six microbusiness licenses were awarded within each of the eight Missouri congressional districts, with each district receiving two microbusiness dispensary licenses, and four microbusiness wholesale facility licenses. An additional nine licenses have been made available in this second round of applications due to the revocation of licenses from round one for rule violations. The additional licenses were issued across the six congressional districts where the licenses were revoked.

Prior to issuing the licenses, the Department conducted a review of the top-drawn applications to determine whether applicants were eligible to receive a microbusiness license. If a top-drawn applicant did not meet application requirements, the next application in line from the drawing was reviewed.

Approved applicants should check the designated contact email for their approval notice and acceptance letter containing additional instructions. Pursuant to 19 CSR 100-1.060(6)(D) the acceptance letter must be completed, signed, and returned to the department within **forty-eight (48) hours**, or the license will be subject to deactivation.

A denial notice containing the reasons for denial has been issued to applicants determined to not meet application requirements or were not chosen by lottery. Any denied applicant may seek review of the denial through the Administrative Hearing Commission (AHC) or may request a refund of the application fee.

Qualifying applicants not chosen by lottery are eligible for a refund if the applicant certifies they met the criteria for a license and have no pending or future litigation. DCR will accept refund requests for round two from August 24, 2024, through January 24, 2025. Requests for a refund must be requested by submitting the Microbusiness Application Refund Request form. The form and refund instructions will be available on the Department's website by August 24, 2024.

If, after a license has been issued, the Department determines a licensee provided false or misleading information in the application or has violated rule or law, the license may be revoked. See 19 CSR 100-1 and Article XIV of the Missouri Constitution.
