

## **Division of Cannabis Regulation**

**Guidance Document Date:** **June 3, 2025**

**Topic:** Dosing in Metrc: Decimals Update

In working through the item approval process and considering feedback from licensees, the Division of Cannabis Regulation (DCR) requested a system update through Metrc to allow licensees the ability to enter decimals into the “Number of Doses” field when creating an item. This update was available in Metrc on **June 3, 2025**.

Please contact your assigned Facility Specialist if you would like to utilize this option for currently approved items.

For additional information regarding dosing decimals in Metrc, please go to the [Metrc Bulletin Database](#) and review **Metrc bulletin MO IB 0039**.
