

## Medical Marijuana Facility Minimum Standards Reviews Complete vs Remaining by Facility Type

*Note 1: Delays in finalizing the Minimum Standard Compliance review could be due to the Department's need for documentation from facilities to complete the review.*

*Note 2: As of March 3, 2023, the total number of active licensed/certified facilities requiring a Minimum Standards Review is 407 - this figure is subject to change in the event additional certifications are awarded for transportation facilities, which are continuously open for application submission.*

*Note 3: The figure for manufacturing and transportation facility Minimum Standards Reviews completed includes nine reviews that were completed for a license or certification that has since been deactivated. The figure for cultivation facility Minimum Standards Reviews completed includes eight reviews that were completed for a license or certification that has since been deactivated. The figure for dispensary facility Minimum Standards Reviews completed includes three reviews that were completed for a license or certification that has since been deactivated. The figure for laboratory testing facility Minimum Standards Reviews completed includes two reviews that were completed for a license or certification that has since been deactivated.*

**NOTICE:** As of March 3, 2023, the Division of Cannabis Regulation will no longer update this report.
