Topic	Discussion/Conclusion	Recommendation/Actions	Follow-up
Call to order and introductions	Dr. Andrews called the meeting to order at 12:35 p.m. Introductions were made by the committee and attendees	A quorum was established.	
Approval of Minutes	January 2017 minutes reviewed.	Approved with change for correct spelling of Dr. Schuerer 's name.	
Subcommittee Reports			

A. Pediatrics Subcommittee Noreen Felich, Chair	No meeting today, will meet prior to the March 28 SAC meeting.		
B. Trauma Subcommittee Dr. Doug Shuerer, Chair	<p>Reported the MHA had a meeting in January with several individuals and changes were made to the proposed Trauma Rules & Regulations. MHA did not publically announce the meeting and many throughout the state were unaware that changes were being recommended.</p> <ul style="list-style-type: none"> Physician education will now be under the Board of Healing Arts. No CME requirements for Emergency Medicine physicians included. The Trauma Subcommittee will write a letter citing areas of support/concern and request Board of Healing Arts address the issues. Essentially throws out all of the work being done in trauma for the last several years. Removed the requirement that the emergency physician director shall be board certified, removed ATLS requirement. There has been little action on the trauma regulations for five years, however MHA is suddenly making changes on TCD regs. It is recognized elimination of CME and Board certification for ED physicians probably was not the intent. All other physicians working in the ED have CME requirements. 	MOCEP has been meeting with the Board of Healing Arts regarding clarification	Will check to determine if MOCEP was involved in the MHA meeting.

<p>Trauma Subcommittee (Continued)</p>	<ul style="list-style-type: none"> Following discussion it was requested a letter be written to the Department on behalf of the SAC and Trauma Subcommittee. Comment on concerns regarding the proposed changes must be submitted by March 3. Bill Koebel shared the changes are based on statutory changes and current interpretation. Requesting input for changes now. If legislative changes are made, it's incumbent on the Department to make regulatory changes 	<p>It was requested that Dr. Schuerer draft a letter on behalf of the Trauma Subcommittee to and request clarification of intent of the proposed new regulations. The letter will be emailed to Subcommittee for comments.</p>	<p>Comments received will be included, the letter will be sent to the SAC to endorse and then sent to the Department.</p>
<p>C. Legislative Subcommittee Mark Alexander, Chair</p>	<ul style="list-style-type: none"> Reported the committee met prior to the SAC. State EMS compact bill HB 100 Interstate Compact. Allows for easier recognition of EMS personnel regarding stateliness. Total of 10 states in the compact Need to pass the bill this year Noted a list of the legislative bills in process are available. <p>Dean Mennach discussed concerns regarding changes in approval of financial aid for any EMS training program that lasts longer than 1000 hours.</p> <ul style="list-style-type: none"> Concern this endangers the financing for paramedic students seeking support to attend training programs <p>Jason recommended everyone review SB 495 as it looks at national accreditation instead of State designation</p> <p>No report</p>	<p>Anything that's heard before the inaugural meeting has the possibility to be passed.</p> <p>Available by emailing Jason White jason.white3254@gmail.com</p> <p>The Department of Education prohibits approval of financial aid for any program that goes over the number of hours approved by the state.</p>	<p>Opportunity to change the Legislative language</p> <p>Important to clarify the regulatory process.</p>
<p>D. Education Subcommittee Chair</p>			

<p>E. Air Ambulance Committee, Ruby Mehrer Chair</p>	<p>No report</p>	
<p>F. Emergency Management Wally Patrick, Chair</p>	<p>Emergency management in the process of early planning for the August 21st Solar Eclipse. Up to 250K expected with concerns for possible rioting related to the eclipse. This has become an International event with an expected 250 Orthodox Jewish Leaders attending. Concern related to the potential for civil unrest. Additional concerns about the hot weather and potential health outcomes.</p> <p>Dr. Andrews shared the Menard's parking lot in St. Joseph, MO has been rented by a Japanese contingent.</p>	<p>Recommended everyone involved in patient care review and address their HazMat capabilities.</p>
<p>Regional Subcommittee Reports</p>

<p>BEMS Report Mr. Les Jobe</p>	<p>Announced that EMS Services who need to purchase new ambulances should do so. They will be covered under the new regulations.</p> <p>Recognized Bob Patterson and thanked him for his commitment, energy and all hard work.</p> <ul style="list-style-type: none"> • 19CSR 40-365 The intent is to put regulations in line with new statutory changes. • Ambulatory regulations are still pending. • ESF 8 - Infectious disease work being done on protocols • Seeking funding for Nemesis 3 upgrade 		<p>Contact the Department if questions.</p>
<p>Center for Patient Safety Lee Varner</p>	<p>Terry Ellsworth explained entities that provide training must include credit acquired for military personnel while deployed</p> <ul style="list-style-type: none"> • No report 		

V. Old Business:	None	
VI. New Business and Announcements		
Special Presentation on REPLICA (Interstate Compact)	<p>Sue Prentiss - REPLICA (Interstate compact) National expert and advocate Accompanied by Donnie Woodyard from NREMT</p> <p>REPLICA (Recognition of EMS Personnel Licensure Interstate CompAct) promotes one license instead of multiple They have EMS employees in supporting roles to federal agencies and contractors. Focus on fitness test – ability to do the job. Allows states to maintain sovereignty. Compacts include Emergency Management, EMS, nurses, physicians. Building interstate compacts is not a new thing. Now in phase 3, bringing education and enactment into the process. Important as states can share licensure history of people crossing state lines and promotes a high level of public protection. Now have eight states and need two more to move forward. REPLICA works with military personnel and moves their licensure forward. Includes air ambulance.</p>	Sue can be reached by email at: Prentiss@emsreplica.org
Dr. Tan	<p>Dr. Tan attended the NAEMS meeting.</p> <ul style="list-style-type: none"> HR 43-6345 renamed to DEA legislation bill. Expected to pass EMS on the Hill – April 25 Government Relations Academy will be offered to make work with legislators more effective. Spinal Motion (back boarding) restriction paper is being revised. Working with ACEP and ACS to prevent any conflicts. 	
Dr. Andrews	<p>Recognized Angie Cunninham, MO EMSC, and thanked her addressing the SAC on Special Needs Children. Ben shared that Angie did a conference in Region A on Emergencies and Complex Children that was outstanding.</p> <p>Dr. Scott Gilmore – spoke at the Eagles National Meetingin about the STARRS program.</p>	

Next Meeting	March 28, 2017 @ 12:30 p.m. Truman Building 300 W. High Street, Rooms 493-494 Jefferson City, MO	
Adjourned	3:00 p.m.	

Lynthia Andrews, DO, SAC Chair
