

**Regional Medical Directors Committee
Monthly Meeting Agenda**

Date: December 18, 2024

Webex: Look for a NEW LINK

Committee Members in Attendance: **I misplaced the list of names. It was a smaller group.**
Others in Attendance:

1. Old Business:
 - a. Data User Group Updates: **Discussed a LOS from RMD/State Med Dir for continued support. WIP. I hope to get this done by EOW.**
 - b. Selection of Co-Chair: **Dr. Andrews has graciously offered to co-chair the January meeting as I am scheduled to work clinically.**
 - c. SE RMD Physician Update: **Two candidates have been nominated. Thanks to Director Bollin's and the State's hard work gathering updated EMS agency and Medical Director information, we can distribute the candidate information to the SE region and help coordinate a regional election. More to come.**
 - d. World Cup 2026 Updates: **Continued updates. More to come.**

2. New Business
 - a. Transfer to Alternate Destinations: **DOH arranged funding to BHC...various issues. 65 services have signed up out of 200 agencies. CIT discussion – great information for everyone, but logistically tougher course to complete for urban areas. RMD protocol templates were distributed a while ago...please review any regional protocols and remain involved in these discussions.**
 - b. Pulsara: **KUDOS to Director Bollin. The RMDs are thrilled with the forward progress Director Bollin has achieved. More to come for the next steps.**
 - c. **Grant Updates provided**

3. Legislative Updates: **Peer Review is filed. Keep this on our radar!**

4. Reports from Regional Medical Directors:

Dr. Andrews: two new community paramedics in the region – this is to address the maternal health care desert; involves midwife, CP, OB. A moment of silence to honor Dr. Groshong.

Dr. Brandt: nothing major

Dr. Carney/Dr. Gustafson: discussed potential Super Bowl Parade and Rally. Continued updates on World Cup 2026.

5. Announcements: **Kayla with CARES announced the goal to automatize information from all agencies in our state. Another LOS from the RMD/State Med Dir was discussed. WIP – hopeful to also have this done by EOW. Discussed the AHA innovation grant...goal is for integration of hospital outcomes into CARES.**

Governor Parsons appointed Dr. Stillely as the Chair of SAC. Dr. Andrews resigned the Chair position, although she continues as an appointed member of the Council. Congratulations, everyone!!

6. Next Meeting: **February 5, 2025 (DOES THIS DATE WORK FOR THE GROUP?)**

Meetings are the 1st Wednesday at 1pm via Webex. For agenda and link information visit: <https://health.mo.gov/safety/ems/>
