Register Online with the Family Care Safety Registry

The Family Care Safety Registry (FCSR) helps protect seniors, children, and the disabled by conducting background screenings on long term care workers, child care workers, and personal care workers. If you are an employee or a job applicant in one of these fields, you must register with the FCSR before background screenings can be requested. Registering with the FCSR means you will provide personal information and agree to background screenings for employment purposes as defined in state law. There is a one-time registration fee of $14.00.

Submitting your registration online is faster than the mail. Instead of the cost of a stamp, a $1.25 processing charge will be added to your fee.

To register online you will need:

- Internet access
- Your Social Security number
- Your email address
- A credit card or debit card

The online system works best with Internet Explorer.

The web address to access the FCSR Background Screening and Employment Eligibility System (BSEES) for online registration can be found at the end of this document.

From the FCSR-BSEES homepage, click the Registration button to begin.

From the submenu, click Register Online.

Read the Welcome to Registration Information. When ready, click the tab for Is A Person Registered to continue.

NOTE
You may be asked to supply a copy of your Social Security card or other verification document after the FCSR receives your registration information.

After clicking the Search button, you should receive a list of one or more employer names from our database. If the correct employer is shown, click to checkmark the box by the employer name.

If the employer is not found in the database, or if you have another reason for registering, make the appropriate selection from the Select if No Employer field.

After you have made a selection for either the Employer Name or the Select if No Employer field (or both if applicable), click the Continue button.

Now enter your personal information. First, select one or more Registration Type(s) by clicking to checkmark the appropriate box(es). Depending on what you select, subcategories may be opened for additional selections.

Click to checkmark the box by the address line that best reflects your address. You must make one selection. Select **Use Address Entered Above** if the standard address result provided does not reflect your mailing address.

Click the **Save** button.
After you enter an email address, you are asked to confirm it is an email address where you can receive your personal copy of FCSR notifications. The email address should belong to you, not to your employer or another staff member.
