OASIS-E Discharge from Agency

PRA Disclosure Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1279. The expiration date is 11/30/2025. The time required to complete this information collection is estimated to be 40.2 minutes (0.3,0.25,0.15) minutes per data element), including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. This estimate does not include time for training. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

*****CMS Disclaimer*****Please do not send applications, claims, payments, medical records or any documents containing sensitive information to the PRA Reports Clearance Office. Please note that any correspondence not pertaining to the information collection burden approved under the associated OMB control number listed on this form will not be reviewed, forwarded, or retained. If you have questions or concerns regarding where to submit your documents, please contact Joan Proctor National Coordinator, Home Health Quality Reporting Program Centers for Medicare & Medicaid Services.

GG0130. Self-Care

Code the patient's usual performance at Discharge for each activity using the 6-point scale. If activity was not attempted at Discharge, code the reason.

Coding:

Safety and **Quality of Performance** – If helper assistance is required because patient's performance is unsafe or of poor quality, score according to amount of assistance provided.

Activities may be completed with or without assistive devices.

- 06. Independent Patient completes the activity by themself with no assistance from a helper.
- 05. **Setup or clean-up assistance** Helper sets up or cleans up; patient completes activity. Helper assists only prior to or following the activity.
- 04. **Supervision or touching assistance** Helper provides verbal cues and/or touching/steadying and/or contact guard assistance as patient completes activity. Assistance may be provided throughout the activity or intermittently.
- 03. Partial/moderate assistance Helper does LESS THAN HALF the effort. Helper lifts, holds or supports trunk or limbs, but provides less than half the effort.
- 02. **Substantial/maximal assistance** Helper does MORE THAN HALF the effort. Helper lifts or holds trunk or limbs and provides more than half the effort.
- 01. **Dependent** Helper does ALL of the effort. Patient does none of the effort to complete the activity. Or, the assistance of 2 or more helpers is required for the patient to complete the activity.

If activity was not attempted, code reason:

- 07. Patient refused
- 09. **Not applicable** Not attempted and the patient did not perform this activity prior to the current illness, exacerbation or injury.
- 10. Not attempted due to environmental limitations (e.g., lack of equipment, weather constraints)
- 88. Not attempted due to medical condition or safety concerns

	A. Eating: The ability to use suitable utensils to bring food and/or liquid to the mouth and swallow food
	and/or liquid once the meal placed before the patient.
	B. Oral Hygiene: The ability to use suitable items to clean teeth. Dentures (if applicable): The ability to
	insert and remove dentures into and from mouth, and manage denture soaking and rinsing with use
	of equipment.
	C. Toileting Hygiene: The ability to maintain perineal hygiene, adjust clothes before and after voiding
	or having a bowel movement. If managing an ostomy, include wiping the opening but not managing
	equipment.
	E. Shower/bathe self: The ability to bathe self, including washing, rinsing, and drying self (excludes
	washing of back and hair). Does not include transferring in/out of tub/shower.
	F. Upper body dressing: The ability to dress and undress above the waist; including fasteners, if
	applicable.
	G. Lower body dressing: The ability to dress and undress below the waist, including fasteners; does not
	include footwear.
	H. Putting on/taking off footwear: The ability to put on and take off socks and shoes or other footwear
	that is appropriate for safe mobility; including fasteners, if applicable.
