Richard Moore, General Counsel, reported that he will read the questions today and allow the committee to decide if the questions are appropriate or if the questions should be amended or deleted. Richard Moore reported that once a question has been determined to meet the requirements of the committee, the committee members will be asked to establish what they believe to be the importance level of the question. - 2 – Important
- 3 – Highly Important

Because a 'site community' is dependent upon the location of the business, describe what you believe the community will be for the proposed location of the business (city, town, neighborhood, etc.), and describe how the business will have a positive economic impact in that community.

Weight of question: **3 – Highly Important**

Committee consensus on question as amended/replaced and on weight of question.
