	<b>WE CARE Curriculum</b>	UMKC/IHD - University Center for Excellence on Developmental Disabilities		Adults over 18	None	No financial requirements	No veteran requirements	Member of the care team living with a developmental disability	No	WE♥CARE is a curriculum created for individuals with developmental disabilities who are in a mutual caregiving arrangement with an aging loved one. This curriculum focuses on instilling confidence as a caregiver through skill development, connecting with the community, accessing resources, and learning to identify the needs of oneself and others. The goal of WE♥CARE is to increase the capacity of both family members to support each other and prolong their ability to age in place. The program covers wellness, education, confidence, assessment, and recognizing emergencies.  Developed for implementation within organizations that serve individuals with developmental disabilities, WE♥CARE can be facilitated by a variety of personnel, including direct support professionals, organizational staff, social workers, and volunteers. The curriculum was crafted to provide facilitators with all the tools necessary for delivery and requires no prior training. All curriculum and training is provided free of charge.	No formal referral process	Contact the Association on Aging with Developmental Disabilities at 314-647-8100, info@agingwithdd.com
