

Monthly Bulletins are your one-stop-shop for all last month's highlights!

### Reminders

Once an assessment has been submitted, the coding of that assessment cannot be changed without having to enter a new reassessment.

PRR will only request that a new reassessment be entered if the coding change will make or break Transformed LOC score. If the change will not affect HCBS eligibility, the correction can be documented in the case notes.

All reassessments should be submitted to the PRR Team by the last day of the month prior to the month the care plan expires. Cases not submitted by the end of the month are assigned out to DSDS team members to address accordingly.

In order to prevent confusion and ensure continuity of services, reassessments cannot be accepted if submission is after the last day of the month.

### Reminders

Per HCBS [Policy 4.25](#), you are required to notify the PRR Team of completed reassessments and of those you are unable to complete via the [Provider Reassessor Notification Portal](#).

To ensure timely responses to all your provider reassessment questions, please use the below email addresses:

- PRR Team:  
ProviderReassessmentReview@health.mo.gov
- QIQA Unit:  
QIQA@health.mo.gov

Due to Jamie Cockrum-Soles' involvement in other projects, emailing him directly may result in response delay. The above emails are monitored daily, which will allow for a more prompt response.
