New InterRAI Resource Available!

Quick Guides serve to be helpful tools when looking for policy clarifications as you complete the assessment process. However, QIQA realizes that locating the guidance desired can sometimes become cumbersome whilst sifting through all our amazing guides. 😊

In an attempt to put as much guidance pertaining to interRAI Coding and Case Noting in one place, Quality has condensed some of this guidance and incorporated it throughout the interRAI form itself.

For a copy of the "InterRAI form with Guidance", please reach out via email to the PRR Team or QIQA at the below email addresses.

Don't worry! The original guides are still available!
