Reminders

- Implementation of the Transformed LOC is just around the corner!!
 - If a participant does not meet the Transformed LOC at reassessment, it is likely he/she will not meet LOC at the next reassessment, as only the Transformed LOC will be in place. Discussing alternate resources with the participant now will help them in their future care planning process in the event they are no longer eligible for HCBS.
- If a participant is their own guardian, yet are mentally unable to comprehend the forms, the forms should not be signed, and a case note to explain the missing signature should be entered.
- When completing RCF/ALF assessments, always consult with the administrative staff. This is especially important when assessing individuals with a mental health diagnosis. What is perceived during the assessment may not be a true reflection of their capabilities. For further assistance with RCF/ALF assessments, please review the [RCF/ALF Quick Guide](#).
