The hospital/facility must provide additional information for validation of a SAC listed with each category.

If this information is not provided, COMRU will be unable to validate the SAC.

- It is the facility/hospital’s responsibility to notify COMRU immediately of any changes that occur after the SAC approval. For example, if the client was discharged to a psychiatric unit tomorrow, COMRU must be notified right away of the psychiatric admission. COMRU will provide additional instructions on how to proceed in the case of a change. If the facility/hospital fails to notify COMRU, rejection of the SAC may occur and payment would be impacted
