## Questions to ask of those experiencing homelessness:

1. What was your sleeping arrangement last night?
  - a. Was it in an emergency shelter, in a Transitional Living Program, or in a place not meant for human habitation? (Ex: tent camp, abandoned building, etc.)
  - b. Have you been homeless this time for longer than 7 nights?
2. Are you a Veteran?
3. Are you a family with children in your care and/or do you have children in state custody with a reunification plan?
4. Are you an unaccompanied youth? (Age 24 or under without an adult)
5. Do they have an HIV/AIDS diagnosis?
6. Are you staying in an institutional care facility where the stay will be shorter than 90 days?
7. Are you experiencing homelessness because of Domestic Violence? If so, direct them to the DV Hotline: (816-468-5463)

If a person experiencing homelessness answered, "Yes," to question 1 and at least one other question, refer them to a CE Hub to be assessed for housing.

If a person answered, "No," to question one, they will likely NOT receive housing quickly through CES; refer this person/ family to other community resources.

Use this form to help community workers determine who to refer to CES. Not all persons can or will be assisted quickly with CES, so this tool will help in making crucial decisions about where to refer people experiencing homelessness for timely help. Please know this is not a guarantee of housing assistance, nor is it program enrollment.

See reverse side for demographic-oriented services.
