DIVISION OF CANNABIS REGULATION NOTICE OF RECALL

September 16, 2026

Topic: Notice of Mandatory Marijuana Product Recall

Issue: The Division of Cannabis Regulation (DCR), in partnership with CCMRB Processing, LLC, MAN000103 is issuing an alert to patients and consumers about a mandatory product recall. Pursuant to 19 CSR 100-1.100(4)(P), DCR may issue a public notice of recall where marijuana product presents a potential threat to health and safety.

No adverse reactions for this product have been reported to DCR at this time.

DCR is issuing a product recall for marijuana product M00002615049: Juicy - Juicy J's - Infused Pre Rolls - 2.5g - 5ct. - CHERRY LIMEADE; source tag 1A40C0300005E25000004098; test tag 1A40C0300005E25000004059 sold to dispensary licensees by Manufacturing Licensee, CCMRB Processing, LLC, MAN000103. The recalled marijuana product was tested as part of the routine sampling initiative implemented in July 2025 to ensure safety, label accuracy and consistency with state testing standards. The product did not pass testing for Aspergillus. Aspergillus is a common mold that can be tolerated in small amounts by healthy individuals but may cause adverse health effects in high amounts or in individuals with compromised immune systems.

Unused product(s) may be returned to the dispensary facility where purchased. Returned products will not count toward a patient's purchase limit. For more information on returns, please contact the dispensary facility where the product was purchased. For information on recalled items, please go to the [Missouri Division of Cannabis Regulation website](#).

Patients and consumers are reminded that any adverse reactions should be reported to DCR by completing a [complaint form](#) or emailing CannabisComplaints@health.mo.gov.
