

**Division of Cannabis Regulation**

**Guidance Document – 12/29/23**

**Topic: FAQs - Troubleshooting Mandatory Testing Uploads for Testing Licensees**

**How do testing licensees determine a serving size to report mg/serving?**

The serving size is determined by the originating licensee who requested testing. The testing licensee must request this information from the originating licensee.

**How do testing licensees report mandatory test results completed prior to December 28, 2023 if waived analytes were not tested?**

Testing licensees shall enter a zero (0) and enter the following note on each analyte in Metrc not tested due to waiver:

- Analyte not tested due to Testing Rule Waiver Extension – 11.28.23.

Beginning December 28, 2023, all mandatory testing performed should include all analytes currently required for reporting.

Please reach out to your compliance officer or [TestingandResearchUnit@health.mo.gov](mailto:TestingandResearchUnit@health.mo.gov) if you have any questions.
